Title 2 Domestic Tax
Chapter 1 Taxable Person

Art. 10 Principle

¹ Any person, irrespective of legal form, objects and intention to make a profit, is liable to the tax if that person carries on a business and is not exempt from tax liability under paragraph 2. A person carries on a business if that person:

- a. independently performs a professional or commercial activity with the aim of sustainably earning income from supplies; and
- b. acts externally under his own name.

² Exempt from tax liability under paragraph 1 is any person who:

- a. within one year generates on Swiss territory turnover from taxable supplies of less than 100,000 francs, unless he waives the exemption from tax liability; the turnover is measured by the agreed considerations without the tax;
- b. carries on a business based abroad that makes supplies on Swiss territory subject exclusively to the acquisition tax (Art. 45–49); not exempt from tax liability is, however, any person who carries on a business based abroad that supplies telecommunication or electronic services on Swiss territory to recipients who are not liable to the tax;
- c. as a non-profit, voluntarily-run sporting or cultural association or as a charitable organisation generates on Swiss territory a turnover from taxable supplies of less than 150,000 francs, unless he waives exemption from tax liability; the turnover is measured by the agreed considerations without the tax.

³ The place of business on Swiss territory and all domestic permanent establishments together represent a single taxable person.

Art. 11 Waiver of exemption from tax liability

¹ Any person who carries on a business and is exempt from tax liability under Article 10 paragraph 2 or 12 paragraph 3 has the right to waive exemption from tax liability.

² Exemption from tax liability must be waived for at least one tax period.

Art. 12 Public authorities

¹ Among the public authorities, taxable persons are the autonomous agencies of the Confederation, cantons and communes and the other public law institutions.

² Agencies may combine as a single taxable person. The combination may be elected for at the beginning of any tax period. It must be retained for at least one tax period.

³ A taxable person of a public authority is exempt from tax liability as long as not more than 25,000 francs turnover per year derive from taxable supplies to persons other than public authorities, and it remains exempt from tax liability as long as its turnover from taxable supplies to persons other than public authorities and to other public authorities does not exceed 100,000 francs in a year. The turnover is measured by the agreed considerations without the tax.

⁴ The Federal Council determines what supplies made by public authorities qualify as business activity and are therefore taxable.

Art. 13 Group taxation

¹ Legal entities with their place of business or a permanent establishment in Switzerland which are closely associated with one another under the common management of a single legal entity may on application combine as a single taxable person (a VAT group). The group may also include legal entities which do not carry on a business, and individuals.

² The decision to combine as a VAT group may be made for the beginning of any tax period. Termination of a VAT group is possible at the end of any tax period.

Art. 14 Commencement and termination of tax liability and of exemption from tax liability

¹ Tax liability commences with the commencement of the business activity.

² Tax liability ends:

- a. on cessation of the business activity;
- b. on liquidation of assets: with the conclusion of the liquidation procedure.

³ Exemption from tax liability ends as soon as the total of the turnovers generated in the last financial year reaches the threshold in Article 10 paragraph 2 letters a or c or 12 paragraph 3, or it is foreseeable that the threshold will be exceeded within 12 months of commencing or extending the business activity.

⁴ Waiver of the exemption from tax liability may be declared at the earliest for the beginning of the current tax period.

⁵ If the qualifying turnover of the taxable person does not reach the turnover threshold under Article 10 paragraph 2 letters a or c or 12 paragraph 3 and it is expected that the qualifying turnover will also not be reached in the following tax period, the taxable person must de-register. De-registration is not possible before the end of the tax period in which the qualifying turnover is not reached. Failure to de-register is deemed to be waiver of the exemption from tax liability under Article 11. The waiver applies from the beginning of the following tax period.

Art. 15 Joint liability

¹ Jointly and severally liable with the taxable person are:

- a. partners in a simple partnership, a general or limited partnership within the scope of their civil law liability;
- b. persons who voluntarily conduct or arrange an auction;
- c. every person or unincorporated entity that is a member of a VAT group (Art. 13) for all taxes payable by the group; if a person or unincorporated entity withdraws from the group, they are liable only for the tax claims that have arisen from their own business activity;
- d. on transfer of a business: the previous tax debtor for three years after the announcement or reporting of the transfer for tax claims that arose before the transfer;
- e. on termination of the tax liability of a wound up legal entity, trading company or partnership without legal personality: the persons entrusted with the liquidation up to the amount of the liquidation surplus;
- f. for the tax of a legal person that relocates its domicile abroad: the managing bodies up to the amount of the net assets of the legal entity.

² The persons designated in paragraph 1 letters e and f are liable only for the tax, interest and cost claims which arise or fall due under their management; their liability lapses if they can prove that they have done everything that could reasonably be expected of them to ascertain and satisfy the tax claim.

³ Liability under Article 12 paragraph 3 of the Federal Act of 22 March 1974⁸ on Administrative Criminal Law (ACLA) is reserved.

⁴ If a taxable person assigns claims from his business to third parties, he is liable on a subsidiary basis for the Value Added Tax included in the assignment, if at the date of the assignment the tax debt due to the Federal Tax Administration (FTA) has not yet arisen and a certificate of shortfall is available.

⁵ The person jointly and severally liable has in proceedings the same rights and obligations as the taxable person.

Art. 16 Succession to tax liability

¹ If a taxable individual dies, his rights and obligations pass to his heirs. They are jointly and severally liable for the taxes owed by the deceased up to the amount of their share of the estate, including amounts received in advance.

² A person who takes over a business acquires the tax rights and obligations of his legal predecessor.

Art. 17 Tax substitution

Satisfaction of the tax liability of foreign trading companies and foreign partnerships without legal personality is also the responsibility of their partners.

Chapter 2 Object of Taxation**Art. 18** Principle

¹ Domestic tax shall be levied on supplies made by taxable persons on Swiss territory for consideration; they are taxable unless this Act provides otherwise.

² Due to the absence of any supply, the following flows of funds in particular do not qualify as a consideration:

- a. subsidies and other public law contributions, even if they are paid on the basis of a public service agreement or a programme agreement pursuant to Article 46 paragraph 2 of the Federal Constitution;

Art. 19 Plurality of supplies

¹ Mutually independent supplies are treated separately.

² Two or more mutually independent supplies that are aggregated into one unit or are offered as a combination of supplies may be treated as a unit according to the predominant supply if they are made against an aggregate consideration and the predominant supply represents by value at least 70 per cent of the aggregate consideration (combination).

³ Supplies that are economically closely related and interact with one another in such a way that they must be regarded as an indivisible whole qualify as a unitary economic transaction and must be treated according to the character of the aggregate supply.

⁴ Ancillary supplies, in particular packaging, are treated for tax purposes in the same way as the main supply.

Art. 20 Attribution of supplies

¹ A supply is deemed to be made by the person who appears to the outside world to be the supplier.

² If a person acts in the name of and for account of another person, the supply is deemed to be made by the person represented if the representative:

- a. can prove that he is acting as an agent and can clearly identify the person represented; and
- b. the existence of an agency relationship is expressly notified to the recipient of the supply or is obvious in the circumstances.

³ If paragraph 1 applies in a triangular relationship, the supply relationship between the person appearing to the outside world and the person actually making the supply is qualified in the same way as the supply relationship between the person acting in relation to the outside world and the person receiving the supply.

³ For foodstuffs that form part of restaurant supplies, the standard rate applies. A restaurant supply is the serving of foodstuffs provided the taxable person prepares or serves the foodstuffs on the customer's premises or the taxable person maintains special installations for their consumption on the spot. If on the other hand the foodstuffs are offered in vending machines or are destined to be taken away or delivered and suitable organisational measures have been taken for this purpose, the reduced tax rate applies; this exception does not apply to the supply of alcoholic beverages.¹⁹

⁴ Up to 31 December 2017, the tax on accommodation services is 3.8 per cent (special rate).²⁰ An accommodation service is the provision of accommodation, including the serving of breakfast, even if it is invoiced separately.

Chapter 4 Invoicing and VAT Details

Art. 26 Invoice

¹ The supplier must on request issue the recipient of the supply with an invoice that satisfies the requirements of paragraphs 2 and 3.

² The invoice must clearly identify the supplier, the recipient and the nature of the supply and as a rule contain the following elements:

- a.²¹ the name and the location of the supplier in the form in which he presents himself in business transactions, a note that he is registered as a taxable person and the number under which he is entered in the Register of Taxable Persons;
- b. the name and location of the recipient of the supply in the form in which he presents himself in business transactions;
- c. the date or period of the provision of the supply, in the event that it differs from the invoice date;
- d. the nature, object and extent of the supply;
- e. the consideration for the supply;

¹⁹ Amended by Annex No II 3 of the Foodstuffs Act of 20 June 2014, in force since 1 May 2017 (AS 2017 249; BBl 2011 5571).

²⁰ Amended by No I of the Federal Act of 21 June 2013, in force since 1 Jan. 2014 (AS 2013 3505; BBl 2013 925 937).

²¹ Amended by Annex No. 2 of the Federal Act of 18 June 2010 on the Business Identification Number, in force since 1 Jan. 2011 (AS 2010 4989; BBl 2009 7855).

- f. the applicable tax rate and the tax amount payable on the consideration; if the consideration includes the tax, details of the applicable tax rate suffice.

³ On invoices issued by automatic tills (receipts), information on the recipient of the supply need not be included provided the consideration disclosed on the receipt does not exceed an amount laid down by the Federal Council.

Art. 27 Incorrect or unauthorised VAT details

¹ Any person not entered in the Register of Taxable Persons or who uses the notification procedure according to Article 38 may not include VAT details on invoices.

² Any person who includes VAT details on an invoice when not entitled to do so, or who details too high a tax for a supply, shall owe the tax detailed unless:

- a. the invoice is corrected in accordance with paragraph 4; or
- b. he proves that the Confederation has not suffered a loss of tax; tax is not lost if the recipient of the invoice has not made an input tax deduction or if the input tax claimed has been repaid to the Confederation.

³ The legal consequences of paragraph 2 also apply to credit notes, provided the recipient of the credit note does not in writing contest the excessive tax amount.

⁴ An invoice may be subsequently corrected within the period permitted by commercial law by a document requiring acknowledgement of receipt, which refers to and revokes the original invoice.

Chapter 5 Input Tax Deduction

Art. 28 Principle

¹ The taxable person may in the course of his business activity, subject to Articles 29 and 33, deduct the following input taxes:

- a. the domestic tax invoiced to him;
- b. the acquisition tax declared by him (Art. 45–49);
- c. the import tax paid or payable by him which has been assessed unconditionally or has been assessed conditionally and fallen due as well as the tax declared by him for the import of goods (Art. 52 and 63).

² If the taxable person has, in the course of a business activity entitling him to make an input tax deduction, procured agricultural, forestry or market garden products, cattle or milk from non-taxable farmers, foresters, gardeners, cattle dealers or milk collectors, he may deduct as input tax 2.5 per cent of the amount invoiced.²²

³ If the taxable person in the course of a business activity entitling him to make an input tax deduction has procured a used, individualisable, movable good for supply

²² Amended by No. 1 of the Ordinance of 21 April 2010 on the Increase in VAT rates for the Temporary Additional Financing of Invalidity Insurance, in force from 1 Jan. 2011 to 31 Dec. 2017 (AS 2010 2055).

to a customer on Swiss territory without being charged VAT, he may make a deemed input tax deduction from the amount he has to pay. The amount paid is regarded as including the tax at the tax rate applicable at the time of acquisition.

⁴ Deduction of the input tax under paragraph 1 is permissible if the taxable person proves that he has paid the input tax.

Art. 29 Exclusion of the right to input tax deduction

¹ There is no right to make an input tax deduction on supplies and the import of goods which are used to make supplies that are exempt without credit from the tax and where the option for their taxation has not been exercised.

² Notwithstanding paragraph 1, there is a right to make an input tax deduction in the course of a business activity entitling the taxable person to make an input tax deduction for the purchase, holding and sale of interests and for reorganisations as defined by Article 19 or 61 DFTA²³.

³ Interests are participations in the capital of other businesses that are held with the intent of long-term investment and confer significant influence. Participations of at least 10 per cent in the capital are deemed to be an interest.

⁴ In the case of holding companies, the business activity of the businesses held by them that gives rise to the right to make an input tax deduction may be taken into account.

Art. 30 Mixed use

¹ If the taxable person also uses goods, parts thereof or services outside his business activity, or uses the same within his business activity both for supplies entitling the taxable person to make an input tax deduction and for supplies that are excluded from input tax deduction, he must correct the input tax deduction in proportion to their use.

² If such a pre-supply is predominantly used in the course of the business activity involving supplies entitling the taxable person to make an input tax deduction, the input tax may be deducted in full and corrected at the end of the tax period (Art. 31).

Art. 31 Own use

¹ If the conditions for input tax deduction are subsequently not fulfilled (own use), the input tax deduction must be corrected at the point in time at which the conditions are no longer fulfilled. The input tax previously deducted, including the parts corrected as a subsequent input tax deduction, must be repaid.

² Own use occurs in particular where the taxable person withdraws goods or services permanently or temporarily from his business, provided on procurement or contribution of the whole or of its components he has made an input tax deduction or he has procured the goods or services under the notification procedure according to Article 38 which:

²³ SR 642.11

- a. he uses outside his business activity, in particular for private purposes;
- b. he uses for a business activity which does not entitle him to make the input tax deduction under Article 29 paragraph 1;
- c. he hands over without consideration, without there being a business reason; in the case of gifts of up to 500 francs per person and year and of advertising gifts and samples with the aim of realising turnovers taxable or exempt from the tax, a business reason will be presumed automatically;
- d. on the cessation of tax liability are still subject to his right of disposal.

³ If in the period between the receipt of the supply and the non-fulfilment of the conditions for the input tax deduction, the good or service was put to use, the input tax deduction must be corrected in the amount of the fair value of the good or the service. To determine the fair value, the input tax amount is reduced on a straight line basis for every year that has expired by a fifth for movable goods and for services, and by a twentieth for immovable goods. The accounting treatment is of no significance. The Federal Council may, in justified cases, stipulate departures from the depreciation rules.

⁴ If a good is used only temporarily outside the business activity or for a business activity not entitling the taxable person to make an input tax deduction, the input tax deduction must be corrected based on the amount of the tax that would be due on the rent that an independent third person would charge therefor.

Art. 32 Subsequent input tax deduction

¹ If the conditions for the input tax deduction arise later (subsequent input tax deduction), the input tax deduction may be made in the reporting period in which the conditions arose. The input tax not deducted earlier, including the portion corrected for own use, may be deducted.

² If the good or the service was put into use in the time between receipt or import of the supply and the occurrence of the conditions for the input tax deduction, the deductible input tax is limited to the fair value of the good or the service. To determine the fair value, the input tax amount is reduced on a straight line basis for every year that has expired by a fifth for movable goods and for services, and by a twentieth for immovable goods. The accounting treatment is of no significance. The Federal Council may, in justified cases, stipulate departures from the depreciation rules.

³ If a good is used only temporarily outside the business activity or for a business activity not entitling the input tax deduction, the input tax deduction must be corrected based on the amount of the tax that would be due on the rent that an independent third person would charge therefor.

Art. 33 Reduction of the input tax deduction

¹ Flows of funds that are not deemed to be consideration (Art. 18 para. 2), do not result in a reduction of the input tax deduction, subject to paragraph 2.

² The taxable person must reduce his input tax deduction proportionately if he receives money under Article 18 paragraph 2 letters a-c.

Chapter 6 **Calculation, Constitution and Prescription of the Tax Claim**

Section 1 **Time of Assessment**

Art. 34 Tax period

¹ The tax is levied by tax period.

² The tax period is the calendar year.

³ The FTA shall permit the taxable person on request to use the business year as the tax period.²⁴

Art. 35 Reporting period

¹ Within the tax period, the tax is reported:

- a. as a rule quarterly;
- b. for reporting using net tax rates (Art. 37 paras. 1 and 2): every six months;
- c. if there are regular input tax surpluses: at the request of the taxable person, monthly.

² On application, the FTA shall permit, in justifiable cases, other reporting periods and shall stipulate the conditions therefor.

Section 2 **Amount of the Tax Claim and Notification Procedure**

Art. 36 Effective reporting method

¹ In principle, the effective reporting method must be used.

² When applying the effective reporting method, the tax claim is calculated as the difference between the domestic tax payable, the acquisition tax (Art. 45) and import tax declared in the transfer procedure (Art. 63) and the input tax credit for the corresponding reporting period.

Art. 37 Reporting using the net tax rate and the flat tax rate methods

¹ If a taxable person does not generate more than 5,020,000 francs turnover from taxable supplies annually and in the same period does not have to pay more than 109,000 francs in tax, calculated at the net tax rate that applies to him, he may report under the net tax rate method.²⁵

²⁴ Not yet in effect

²⁵ Amended by No. I of the Ordinance of 21 April 2010 on the Increase in VAT rates for the Temporary Additional Financing of Invalidity Insurance, in force from 1 Jan. 2011 to 31 Dec. 2017 (AS 2010 2055).

² When using the net tax rate method, the tax claim is determined by multiplying the sum of the taxable considerations, including tax, generated in the reporting period by the net tax rate approved by the FTA.

³ The net tax rates take into account the input tax amounts usual in the relevant branch of the industry. They are fixed by the FTA after consultation with the industry association concerned; the Swiss Federal Audit Office shall regularly review the appropriateness of the net tax rates.

⁴ Authorisation to report under the net tax rate method must be requested from the FTA and the method must be used for at least one tax period. If the taxable person elects for the effective reporting method, he may not change to the net tax rate method for at least three years. Changes are possible for the beginning of a tax period.

⁵ Public authorities and related institutions, in particular private hospitals and schools or licensed transport undertakings and associations and foundations may report using the flat tax rate method. The Federal Council shall regulate the details.

Art. 38 Notification procedure

¹ If the tax calculated at the statutory rate on the sales price exceeds 10,000 francs or if the sale is made to a closely related person, the taxable person must fulfil his reporting and tax payment obligation by notification in the following cases:

- a. reorganisations in accordance with Articles 19 and 61 DFTA²⁶ on Direct Federal Taxation;
- b. other transfers of all or part of assets to another taxable person in the context of an incorporation, a liquidation, a reorganisation or of another legal transaction specified in the Mergers Act of 3 October 2003²⁷.

² The Federal Council may determine other cases in which the notification procedure must be, or may be, used.

³ The notifications must be made in the course of ordinary reporting.

⁴ By using the notification procedure, the acquirer accepts the seller's assessment basis and the level of use entitling to an input tax deduction in respect of the assets transferred.

⁵ If in the cases mentioned in paragraph 1 the notification procedure was not applied but security is provided for the tax claim, the notification procedure may no longer be ordered.

²⁶ SR 642.11

²⁷ SR 221.301

Section 3 Constitution, Modification and Prescription of the Tax Claim

Art. 39 Form of reporting

¹ The tax shall be reported based on the agreed consideration.

² The FTA shall allow the taxable person on application to report on the basis of the consideration collected.

³ The form of reporting chosen must be retained for at least one tax period.

⁴ The FTA may require the taxable person to report on the basis of the consideration collected if:

- a. he receives to a significant extent considerations before he performs the supply or issues an invoice; or
- b. there is reasonable suspicion that the taxable person is abusing the procedure of reporting based on agreed considerations to obtain an unlawful benefit for himself or a third party.

Art. 40 Constitution of the tax claim

¹ If reporting is on the basis of agreed considerations, the right to make an input tax deduction is constituted at the time of receipt of the invoice. The turnover tax debt is incurred:

- a. on invoicing;
- b. with the issue of a partial invoice or with the collection of the partial payment, if the supplies give rise to a series of partial invoices or partial payments;
- c. with the collection of the consideration on advance payments for supplies not exempt from the tax and for supplies without invoice.

² If reporting is based on collected considerations, the right to make an input tax deduction is constituted at the time of payment. The turnover tax liability is incurred on collection of the consideration.

³ The right to make an input tax deduction based on the acquisition tax is constituted at the time of reporting the acquisition tax (Art. 47).

⁴ The right to make an input tax deduction based on the import tax is constituted at the end of the reporting period in which the tax was established.

Art. 41 Subsequent modification of the turnover tax liability and of the input tax deduction

¹ If the recipient of the supply corrects paid or agreed considerations, the turnover tax liability must be adjusted at the time when the correction is booked or the corrected consideration is collected.

² If the consideration expended by the taxable person is corrected, the turnover tax liability must be adjusted at the time when the correction is booked or the corrected consideration is paid.

Art. 42 Prescription of the right to establish the tax

¹ The right to establish a tax claim prescribes five years from the end of the tax period in which the tax claim was established.

² This prescriptive period is interrupted by a written declaration requiring confirmation of receipt that is aimed at establishing or correcting the tax claim, a ruling, a decision on an objection, or a judgment. A corresponding interruption of the prescriptive period may also be achieved by the announcement of an audit under Article 78 paragraph 3 or the commencement of an unannounced audit.

³ If the prescriptive period is interrupted by the FTA or an appeal body, the prescriptive period begins to run again. It then runs for two years.

⁴ The prescriptive period shall be suspended for as long as proceedings under this Act relating to tax offences are being conducted in respect of the relevant tax period and the person liable for payment has been notified (Art. 104 para. 4).

⁵ Interruption and suspension are effective towards all persons liable for payment.

⁶ The right to establish the tax claim in any case prescribes 10 years from the end of the tax period in which the tax claim arose.

Art. 43 Validity of the tax claim

¹ The tax claim is made legally binding by:

- a. a ruling that has become legally binding, a decision on an objection that has become legally binding or a judgment that has become legally binding;
- b. the written recognition or payment without reservation of an assessment notice by the taxable person;
- c. the prescription of the right to establish the tax.

² Until they are legally binding, the returns submitted and paid may be corrected.

Art. 44 Assignment and pledge of the tax claim

¹ The taxable person may assign and pledge his tax claim in accordance with the provisions of private law.

² The rights of the FTA, namely defence against claims of the debtor and the measures to secure the tax, are not affected by the assignment or pledge.

Title 3 Acquisition Tax**Art. 45 Liability for acquisition tax**

¹ The following are subject to the acquisition tax:

- a. supplies of services by businesses with their place of business abroad that are not entered in the Register of Taxable Persons, if the place of supply under Article 8 paragraph 1 is situated on Swiss territory;
- b. the import of data storage media without market value with the services and rights included therein (Art. 52 para. 2);
- c. supplies of goods on Swiss territory by businesses with their place of business abroad that are not entered in the Register of Taxable Persons, if these supplies of goods are not subject to the import tax.

² The recipient on Swiss territory of supplies under paragraph 1 is liable to the tax, provided he:

- a. is liable to the tax under Article 10; or
- b. in the calendar year procures such supplies for more than 10,000 francs and in the cases of paragraph 1 letter c, he has been informed in writing in advance by the competent authority about the liability for acquisition tax.

Art. 46 Tax assessment and tax rates

The provisions of Articles 24 and 25 apply to tax assessment and the tax rates.

Art. 47 Tax and reporting period

¹ For taxable persons under Article 45 paragraph 2 letter a, the same tax and reporting periods apply as for the domestic tax (Art. 34 and 35).

² The tax and reporting period for taxable persons under Article 45 paragraph 2 letter b is the calendar year.

Art. 48 Constitution and prescription of the right to establish the acquisition tax debt

¹ The acquisition tax debt is incurred:

- a. with the payment of the consideration for the supply;
- b. in the case of taxable persons under Article 45 paragraph 2 letter a who report on the basis of agreed considerations (Art. 40 para. 1) at the time of receipt of the invoice, and for supplies without invoicing on payment of the consideration.

² Prescription of the right to establish the tax and legally binding effect are governed by Articles 42 and 43.

Art. 49 Joint and several liability, tax succession and substitution

For joint and several liability, tax succession and substitution, the provisions of Articles 15–17 apply.

Title 4 **Import Tax****Art. 50** Applicable law

For the tax on the import of goods, the customs legislation applies, unless the following provisions provide otherwise.

Art. 51 Tax liability

¹ Any person who is a customs debtor under Article 70 paragraphs 2 and 3 CustA²⁸ is liable to the tax.

² Joint and several liability under Article 70 paragraph 3 CustA does not apply to persons who file customs declarations commercially (Art. 109 CustA) if the importer:

- a. is entitled to make an input tax deduction (Art. 28);
- b. has the import tax debt charged via the account of the centralised settlement procedure (CSP) of the Federal Customs Administration; and
- c. has commissioned the person who files customs declarations commercially to act as his direct agent.

³ The Federal Customs Administration (FCA) may require the person who issues customs declarations commercially to provide evidence of his authority as an agent.

³² SR 631.0

³³ The correction by the Federal Assembly Drafting Committee of 28 April 2016, published on 10 May 2016, concerns the French text only (AS 2016 1357).

- a. the taxes, customs duties and other charges incurred outside Swiss territory and as a result of the import, with the exception of the Value Added Tax being levied;
- b.³⁴ the costs of the transport or dispatch and all related supplies as far as the destination on Swiss territory to which the goods are to be transported at the time import tax debt under Article 56 is incurred; if this location is unknown, the destination is the place where the trans-shipment takes place on Swiss territory after import tax debt is incurred.

⁴ If doubt exists as to the correctness of the customs declaration or values are lacking, the FCA may estimate the tax assessment basis at its fair discretion.

⁵ Price or value information expressed in foreign currency adduced in determining the assessment basis must be converted into Swiss francs at the exchange rate (offer) prevailing on the stock exchange day immediately prior to the incurrence of the import tax debt under Article 56.

² The tax is 2.5 per cent on the import of goods under Article 25 paragraph 2 letter a.

¹ The import tax debt is incurred at the same time as the customs debt (Art. 69 CustA³⁶).

² Taxable persons under Article 51 who settle the import tax debt via the CSP are allowed a period of 60 days after issue of the invoice to make payment; exceptions are imports made by tourists, which must be reported orally for customs assessment.

³ In relation to security, facilities may be granted if collection of the tax is not endangered as a result.

⁴ The import tax debt prescribes at the same time as the customs debt (Art. 75 CustA). The prescriptive period is suspended for as long as criminal proceedings in respect of tax offences under this Act are in process and the person liable for payment has been informed (Art. 104 para. 4).

⁵ If the import tax debt changes as a result of subsequent adjustment of the consideration, in particular as a result of revision of the contract or because of price adjustments between related businesses based on recognised guidelines, the tax that has been assessed too low must be notified to the FCA within 30 days of the adjustment. The notification and the adjustment of the tax assessment may be dispensed with if the additional tax payable could be deducted as input tax under Article 28.

- c. goods conditionally assessed (Art. 49, 51 para. 2 letter b, 58 and 59 CustA) which have been imported by a person registered on Swiss territory as a taxable person are declared for another customs procedure (Art. 47 CustA);
- d. goods stored without securing the tax (Art. 51 para. 2 letter a and 62 para. 3 CustA) are declared for another customs procedure and the person with the power of disposal over these goods at the time of storage was registered on Swiss territory as a taxable person;
- e. the goods must be declared periodically for the customs assessment procedure (Art. 42 para. 1 letter c CustA) or are subsequently assessed under a simplified customs assessment procedure (Art. 42 para. 2 CustA) and the importer was registered on Swiss territory as a taxable person at the time of the import.

Art. 59 Right to refund of the tax and prescription

¹ Where excess taxes have been imposed or taxes are not due, there is a right to a refund.

² Not refunded are excess taxes imposed, taxes not due and taxes no longer due as a result of a subsequent assessment of the goods under Articles 34 and 51 paragraph 3 CustA³⁸ or because of their re-export under Articles 49 paragraph 4, 51 paragraph 3,

³⁷ SR 631.0

³⁸ SR 631.0

58 paragraph 3 and 59 paragraph 4 CustA if the importer is registered on Swiss territory as a taxable person and may deduct the tax payable or paid to the FCA as input tax under Article 28.

³ The right prescribes five years from the end of the calendar year in which it was constituted.

⁴ The prescriptive period is interrupted if the right is enforced against the FCA.

⁵ It is suspended for as long as appeal proceedings in respect of the enforcement of the right are pending.

⁶ The right to a refund of excess taxes imposed or taxes not due in any event prescribes 15 years from the end of the calendar year in which it was constituted.

Art. 60 Refund because of re-export

¹ The tax imposed on import shall be refunded on application if the conditions for an input tax deduction under Article 28 are not met and:

- a. the goods are re-exported unaltered without prior handover to a third party as part of a supply of goods on Swiss territory and without having been used earlier; or
- b. the goods were used on Swiss territory, but are re-exported as a result of cancellation of the supply of goods; in this case the refund is reduced by the amount that represents the tax on the consideration for use of the goods or on the loss of value caused by use of the goods and on the non-refunded import customs duties and duties based on non-customs-based federal laws.

² The tax is refunded only if:

- a. the re-export takes place within five years of the end of the calendar year in which the tax was imposed; and
- b. the goods exported are proven to be identical to those imported earlier.

³ The refund may in a specific case be made dependent on proper declaration in the import state.

⁴ Applications for a refund must be submitted on declaration for the export procedure. Subsequent refund applications may be considered if they are submitted in writing to the FCA within 60 days of issue of the export document with which the goods were assessed under the export procedure (Art. 61 CustA³⁹).

Art. 61 Refund interest

¹ Refund interest shall be paid in respect of the period that elapses before the refund is paid:

- a. in the case of refunds of excess tax or tax not due under Article 59: from the 61st day after receipt of the written claim by the FCA;

³⁹ SR 631.0

- b. in respect of refunds of the tax as a result of re-export under Article 60: from the 61st day after receipt of the application by the FCA;
 - c. in respect of procedures with conditional payment liability (Art. 49, 51, 58 and 59 CustA⁴⁰): from the 61st day after due conclusion of the procedure.
- ² The interest-free period of 60 days does not begin to run until:
- a. all documents necessary to establish the facts and evaluate the request have been received by the FCA;
 - b. the objection to the assessment decision satisfies the requirements of Article 52 of the Federal Act of 20 December 1968⁴¹ on Administrative Procedure (APA);
 - c. the bases for calculating the tax on the consideration under Article 54 paragraph 1 letter d are known to the FCA.
- ³ Refund interest is not paid on a tax remission under Article 64.

Art. 62 Competence and procedure

- ¹ The import tax is levied by the FCA. It issues the necessary orders and rulings.
- ² The executive bodies of the FCA are authorised to undertake all the investigations that are necessary to examine the facts significant to the assessment of the tax. Articles 68–70, 73–75 and 79 apply by analogy. The FCA may, by agreement with the FTA, transfer investigations relating to persons registered on Swiss territory as taxable persons to the FTA.

Art. 63 Transfer of the tax payment

- ¹ Taxable importers registered with the FTA as taxable persons that report using the effective method may, instead of paying the tax payable on the import of goods to the FCA, declare it in their periodic tax return to the FTA (transfer procedure), provided they regularly import and export goods and significant input tax surpluses result.
- ² If the goods imported under the transfer procedure are further processed or finished on Swiss territory after the import, the FTA may authorise taxable persons to supply the processed or finished goods to other taxable persons without calculating the tax.
- ³ The Federal Council stipulates the details of the transfer procedure.

Art. 64 Tax remission

- ¹ A remission may be granted for all or part of the import tax, if:
- a. goods held in the custody of the FCA or made subject to a transit procedure (Art. 49 CustA⁴²), a customs warehousing procedure (Art. 50–57 CustA), a

- temporary admission procedure (Art. 58 CustA) or a procedure of inward processing (Art. 59 CustA) are destroyed in whole or in part by chance, act of God or with official approval;
- b. goods released for free circulation by official decree are destroyed in whole or in part or are again exported from Swiss territory;
 - c. a subsequent claim in terms of Article 85 CustA would, in view of special circumstances, constitute an unreasonable burden on the taxable person under Article 51;
 - d. the person responsible for the customs declaration (e.g. the forwarding agent) cannot recover the tax from the importer because of the latter's insolvency, and the importer was at the time of the acceptance of the customs declaration registered as a taxable person on Swiss territory; insolvency of the importer must be assumed if repayment of the debt due to the person responsible for the customs declaration appears to be seriously at risk.
- ² The Directorate General of Customs decides on the tax remission on written application supported by the necessary evidence.
- ³ The period for submission of an application is:
- a. on assessment with unconditional import tax debt: one year after the issue of the import document with which the import tax was assessed;
 - b. on assessment with conditional import tax debt: one year after conclusion of the customs procedure chosen.

Title 5 Procedural Law for Domestic and Acquisition Tax

Chapter 1 General Procedural Provisions

Art. 65

- ¹ The FTA is responsible for the imposition and the collection of the domestic and the acquisition tax.
- ² In order to ensure that the tax is imposed and collected in accordance with the law, the FTA shall issue all the necessary instructions, unless the issue of such is expressly reserved to another authority.
- ³ It publishes without delay all good practice regulations that are not exclusively of an internal administrative nature.
- ⁴ All administrative acts must be carried out expeditiously.
- ⁵ The taxable person may be burdened by the tax imposition only to the extent this is absolutely necessary for enforcement of this Act.

Chapter 2 Rights and Obligations of the Taxable Person

Art. 66 Registration and de-registration as a taxable person

¹ Persons who are taxable under Article 10 must register with the FTA of their own accord in writing within 30 days of the commencement of their tax liability. The Administration shall issue them with a non-transferable number in accordance with the requirements of the Federal Act of 18 June 2010⁴³ on the Business Identification Number, which is registered.⁴⁴

² If tax liability ends in accordance with Article 14 paragraph 2, the taxable person must de-register with the FTA in writing within 30 days of the end of the business activity, and at the latest on conclusion of the liquidation proceedings.

³ Any person who becomes taxable solely because of the acquisition tax (Art. 45 para. 2) must register with the FTA in writing within 60 days of the end of the calendar year in which he is liable for tax and at the same time declare the supplies procured.

Art. 67 Tax representation

¹ Taxable persons without a domicile or place of business on Swiss territory must appoint a representative to perform their procedural obligations who has his domicile or place of business on Swiss territory.

² In the case of group taxation (Art. 13), the VAT group must appoint a representative to fulfil their procedural obligations who has his domicile or place of business in Switzerland.

³ The appointment of a representative under paragraphs 1 and 2 does not constitute a permanent establishment in accordance with the direct tax provisions.

Art. 68 Obligation to provide information

¹ The taxable person must provide the FTA in good faith with information on all matters that to the best of his knowledge and belief could be of significance to tax liability or for assessment of the tax, and must submit the documents required.

² Professional confidentiality as protected by law is reserved. Persons subject to professional confidentiality are obliged to open their books or records, but may conceal the names and addresses of their clients or replace them with codes, but not their domicile or place of business. In cases of doubt, at the request of the FTA or of the taxable person, the president of the competent chamber of the Federal Administrative Court shall appoint neutral experts as controlling bodies.

⁴³ SR 431.03

⁴⁴ Second sentence amended by Annex No. 2 of the Federal Act of 18 June 2010 on the Business Identification Number, in force since 1 Jan. 2011 (AS 2010 4989; BBl 2009 7855).

Art. 69 Right to receive information

In response to a written enquiry made by the taxable person about the VAT consequences of a specific set of circumstances, the FTA shall provide information within a reasonable period. The information is legally binding on the enquiring taxable person and the FTA; it may not be used in relation to any other set of circumstances.

Art. 70 Accounting and retention of records

¹ The taxable person must keep his books of account and records in accordance with the principles of commercial law. The FTA may in exceptional cases impose more extensive recording obligations if this is essential for proper imposition of the VAT.

² The taxable person must retain in a proper manner his books of account, receipts, business documents and other records until the right to establish the tax claim has prescribed (Art. 42 para. 6). Articles 958^f of the Code of Obligations⁴⁵ applies.⁴⁶

³ Business documents that are required in connection with the calculation of a subsequent input tax deduction and own use of immovable goods must be retained for 20 years (Art. 31 para. 3 and 32 para. 2).

⁴ The Federal Council shall stipulate the conditions under which receipts that are necessary under this Act for enforcement of the tax may be transmitted and retained in paperless form.

Art. 71 Filing of the return

¹ The taxable person must of his own accord file a return in respect of the tax claim in the prescribed form to the FTA within 60 days of the end of the reporting period.

² If the tax liability ends, the period runs from this date.

Art. 72 Correction of errors in the return

¹ If the taxable person discovers errors in his tax returns in the course of drawing up his annual accounts, he must correct them at the latest in the return for the reporting period in which the 180th day after the end of the relevant business year falls.

² The taxable person is obliged to retrospectively correct recognised errors in returns relating to past tax periods unless the tax claims for these tax periods have become legally binding or have prescribed.

³ The retrospective corrections of the returns must be notified in the form specified by the FTA.

⁴ In the case of system-based errors that are difficult to ascertain, the FTA may grant the taxable person facilities under Article 80.

⁴⁵ SR 220

⁴⁶ Second sentence amended by Annex No 4 of the Federal Act of 23 Dec. 2011 (Accounting Law), in force since 1 Jan. 2013 (AS 2012 6679; BBl 2008 1589).

Chapter 3 Obligation of Third Parties to provide Information

- a. provide all information that is necessary to establish tax liability or to calculate the tax claim against a taxable person;
- b. permit the inspection of books of account, receipts, business documents and other records if the required information is not available from the taxable person.

² A third party obliged to provide information is a person who:

Chapter 4 Rights and Obligations of the Authorities

Art. 74 Confidentiality

² There is no duty of confidentiality:

- a. when providing administrative assistance under Article 75 and in fulfilling an obligation to report criminal acts;
- b. towards executive bodies of the judiciary or administration if the authority entrusted with the implementation of this Act has been authorised by the Federal Department of Finance to provide information;

- d.⁴⁷ for the following information entered in the Register of Taxable Persons: the number under which he is registered, address and business activity, and beginning and end of tax liability.

⁴⁷ Amended by Annex No. 2 of the Federal Act of 18 June 2010 on the Business Identification Number, in force since 1 Jan. 2011 (AS 2010 4989; BBl 2009 7855).

Art. 75 Administrative assistance

¹ The tax authorities of the Confederation, cantons, districts, administrative areas and communes shall support each other mutually in fulfilling their tasks; they must prepare the appropriate reports, provide the information required and permit the inspection of files free of charge.

² The administrative authorities of the Confederation and the autonomous federal organisations and establishments and all other authorities of the cantons, districts, administrative areas and communes not mentioned in paragraph 1 are obliged to provide information to the FTA if the information requested may be of significance for the enforcement of this Act and for the collection of the tax under this Act or for collecting the business fee under the Federal Act of 24 March 2006⁴⁸ on Radio and Television; the information must be provided free of charge. On request, documents must be forwarded to the FTA free of charge.⁴⁹

³ Information may be refused only if its provision conflicts with essential public interests or the information would significantly hinder the authority contacted in the performance of its task. Postal and telecommunications confidentiality must be observed.

⁴ Disputes relating to the obligation of administrative authorities of the Confederation to provide information are decided by the Federal Council. Disputes relating to the obligation of authorities of the cantons, districts, administrative areas and communes to provide information are decided by the Federal Supreme Court (Art. 120 of the Federal Supreme Court Act of 17 June 2005⁵⁰) if the cantonal government has refused the request for information.

⁵ The organisations entrusted with public law tasks have, in the context of these tasks, the same obligation to provide information as the authorities; paragraph 4 applies by analogy.

Art. 75a⁵¹ International administrative assistance

¹ Within the scope of its remit, the FTA may, on their request, provide administrative assistance to foreign authorities in performing their tasks, specifically in ensuring correct application of VAT law and in preventing, exposing and prosecuting breaches of VAT law, insofar as this is provided for in an international agreement.

² It provides administrative assistance by analogous application of Article 115a to 115i CustA⁵².

Art. 76 Automated processing and storage of data

¹ The FTA is authorised to process the data and information necessary for imposition and collection of the tax; this also includes information about administrative and criminal prosecutions and sanctions. For this purpose, it shall maintain the necessary data collections and the means to process and store them.

² The Federal Council shall issue the required provisions on the organisation, processing and storage of the data and information, in particular the data to be collected, access, processing rights, period of storage, deletion, and protection against unseen modification.

³ The FTA may make the necessary data and information accessible online to the persons in the FCA entrusted with the imposition and collection of VAT. The provisions concerning confidentiality and administrative assistance (Art. 74 and 75) apply.

⁴ The documents stored on the basis of this provision are equivalent to the originals.

Art. 77 Review

The FTA shall review the fulfilment of the obligation to register as a taxable person and the tax returns and payments.

Art. 78 Audit

¹ The FTA may perform audits of taxable persons to the extent this is necessary to clarify the circumstances. For this purpose, these persons must grant the FTA access to their accounts and related receipts. The same applies to third parties obliged to provide information under Article 73 paragraph 2.

² The demand for and review of comprehensive documentation by the FTA is also regarded as an audit.

³ Written notice must be given of an audit. In justifiable and exceptional cases, notification of an audit may be waived.

⁴ The taxable person may make a justified request for an audit to be carried out. The audit must be performed within two years.

⁵ The audit must be concluded within 360 days of notification with an assessment notice; it states the amount of the tax claim in the period audited.

⁶ The findings relating to third parties made during an audit under paragraphs 1 to 4 of a bank or savings institution as defined in the Banking Act of 8 November 1934⁵³, of the Swiss National Bank, of a mortgage bond clearing house, of a securities dealer as defined in the Stock Exchange Act of 24 March 1995⁵⁴, or of a financial market infrastructure as defined in the Financial Market Infrastructure Act of 19 June 2015⁵⁵ may be used exclusively for the enforcement of value added tax. fessional secrecy under the Banking Act, the Stock Exchange Act and the Financial Market Infrastructure Act must be observed.⁵⁶

Art. 79 Assessment according to best judgement

¹ If no records or only incomplete records are available or if the results reported obviously do not reflect the true circumstances, the FTA shall make an assessment according to its best judgement of the tax claim.

² The tax claim is established with an assessment notice.

Art. 80 Simplifications

If the exact establishment of individual facts important to the assessment of the tax would cause excessive inconvenience to the taxable person, the FTA shall grant facilities and allow the tax to be determined approximately, provided that as a result there is no significant loss of or increase in the tax, no material distortion of the competitive situation and no excessive complication of the tax return for other taxable persons and the tax audit.

Chapter 5 Ruling and Appeal Procedures

Art. 81 Principles

¹ The provisions of the APA⁵⁷ apply. Article 2 paragraph 1 APA does not apply to the VAT procedure.

² The authorities shall establish the legally relevant circumstances ex officio.

³ The principle of the free consideration of evidence applies. It is not permissible to make proof dependent on the production of specific evidence.

Art. 82 FTA rulings

¹ The FTA shall issue ex officio or on application of the taxable person all rulings necessary for the imposition of the tax, in particular if:

- a. the existence or scale of the tax liability is disputed;
- b. the registration or de-registration in the Register of Taxable Persons is disputed;
- c. the existence or amount of the tax claim, of joint liability or of the entitlement to a refund of taxes is disputed;
- d. the taxable person or persons jointly liable fail to pay the tax;

⁵⁶ Amended by Annex No 6 of the Financial Market Infrastructure Act of 19 June 2015, in force since 1 Jan. 2016 (AS 2015 5339; BBl 2014 7483)

- e. other obligations arising under this Act or from ordinances based on it are not recognised or not fulfilled;
- f. in a specific case and as a precautionary measure it is ordered or appears necessary to establish the tax liability, the tax claim, the principles for the assessment of the tax, the applicable tax rate or joint liability.

² Written notice of rulings shall be given to the taxable person. Notice must include instructions on the right of appeal and an appropriate statement of the grounds for the ruling.

Art. 83 Objection

¹ Rulings of the FTA may be contested by filing an objection within 30 days of notification.

² The objection must be filed with the FTA in writing. It must contain the petition, the grounds for the objection citing the evidence and the signature of the appellant or of his representative. The representative must identify himself by written power of attorney. The evidence must be described in the letter of objection and enclosed with it.

³ If the objection does not satisfy these requirements or if the petition or its grounds lack the necessary clarity, the FTA shall grant the objecting party a short period to revise the same. It shall combine this additional period with the warning that if the period expires unused, a decision will be made based on the files or, if the petition, grounds, signature or power of attorney is not provided, that the objection will not be considered.

⁴ If the objection is raised against a properly justified ruling of the FTA, on application or with the consent of the objecting party it must be forwarded as an appeal to the Federal Administrative Court.

⁵ The objection procedure must be continued despite withdrawal of the objection if there are indications that the contested ruling does not comply with the applicable provisions of the law.

Art. 84 Costs and compensation

¹ In general, no costs are charged in ruling and objection procedures. No legal costs are awarded.

² Regardless of the outcome of the proceedings, procedural costs may be imposed on the person or authority that culpably caused them.

Art. 85 Review, explanation and correction

The review, explanation and correction of assessment notices, rulings and objection decisions of the FTA are governed by Articles 66–69 APA⁵⁸.

⁵⁸ SR 172.021

Chapter 6 Collection

Art. 86 Payment of the tax

¹ The taxable person must settle the tax claim that arose in the reporting period within 60 days of the end of that period.

² If the taxable person makes no payment or a payment that is obviously insufficient, the FTA, after issuing a reminder, shall seek to enforce its claim for the tax amount provisionally payable for the reporting period in question. If no return has been filed for the taxable person or the return is obviously inadequate, the FTA shall first make an assessment according to its best judgement of the tax amount provisionally payable.

³ By filing his opposition, the taxable person instigates the procedure to have his opposition set aside. The FTA is responsible for setting aside the opposition in the ruling and appeal procedure.

⁴ The ruling on the opposition may be contested by filing an objection with the FTA within 10 days of it being issued. The objection decision is final, subject to paragraph 5.

⁵ If the tax amount provisionally payable that is the subject of the enforcement proceedings is the result of an assessment made by the FTA according to its best judgement, an appeal may be filed in the Federal Administrative Court against the objection decision. The appeal has no suspensive effect, unless the court so orders on justified application. The Federal Administrative Court makes the final decision.

⁶ Article 85a of the Federal Act of 11 April 1889⁵⁹ on Debt Collection and Bankruptcy (DCBA) does not apply.

⁷ The collection of a tax amount under paragraph 2 does not affect the assessment of the final tax claim. It is governed by Articles 72, 78 and 82.

⁸ Instead of a payment of the tax amount, the taxable person may provide security in accordance with to Article 93 paragraph 7.

⁹ Immediately after receipt of the payment or the security, the FTA shall withdraw its debt enforcement claim.

Art. 87 Interest on late payment

¹ In the event of late payment, interest is payable without reminder.

² Interest on late payment is not payable on an additional charge if it is the result of an error which, if it had been correctly processed, would not have led to loss of tax for the Confederation.

Art. 88 Refunds to the taxable person

¹ If the tax return discloses a surplus in favour of the taxable person, it is refunded.

⁵⁹ SR 281.1

² The foregoing paragraph does not apply in the event of:

- a. the set-off of this surplus against import tax liabilities, even if they are not yet due;
- b. the use of the surplus as security for tax under Article 94 paragraph 1;
- c. the use of the surplus for set-off among federal agencies.

³ The taxable person may reclaim taxes paid but not due if the tax has not yet been legally established.

⁴ If the surplus under paragraph 1 or the refund under paragraph 3 is paid out later than 60 days after receipt of the tax return or of the written claim to the entitlement by the FTA, interest shall be paid on the amount due for the period from the 61st day until payment or refund.

Art. 89 Debt collection

¹ If the claim for tax, interest, costs and fines is not satisfied, the FTA shall instigate debt collection proceedings and take whatever civil and enforcement measures that serve the purpose.

² If the tax claim or the fine has not yet been legally established and if it is disputed, the FTA shall issue a ruling. Until a legally binding ruling is issued, the final ranking of creditors is suspended.

³ By filing opposition to the enforcement proceedings, the taxable person instigates the procedure for to have his opposition set aside. The FTA is responsible for setting aside the opposition.

⁴ Legally enforceable rulings and objection decisions of the FTA relating to taxes, interest, costs and fines are equivalent to enforceable court judgments under Article 80 DCBA⁶⁰.

⁵ The tax claim exists regardless of whether it is entered in public inventories or on public notices to creditors.

⁶ The taxes incurred in the context of enforcement proceedings represent exploitation costs.

⁷ The FTA may in justified cases waive the collection of the tax if the enforcement proceedings are not expected to be successful.

Art. 90 Payment facilities

¹ If payment of the tax, interest and costs within the prescribed period causes the taxable person significant hardship, the FTA and the taxable person may agree on an extension of the payment period or on instalment payments.

² Payment facilities may be made subject to the provision of appropriate security.

³ Payment facilities lapse if the requirements lapse or if the conditions to which they are tied are not fulfilled.

⁶⁰ SR 281.1

⁴ The submission of an application for an agreement on payment facilities does not lead to the suspension of enforcement proceedings.

Art. 91 Prescription of the right to collect tax

¹ The right to enforce the tax claim, interest and costs prescribes five years from the time when the corresponding claim becomes legally binding.

² The prescriptive period is suspended as long as the taxable person cannot be proceeded against in Switzerland.

³ The prescriptive period is interrupted by every action requesting payment and every moratorium by the FTA and by every assertion of the claim by the taxable person.

⁴ Interruption and suspension are effective towards all persons liable for payment.

⁵ Prescription applies in any event ten years after the end of the year in which the claim became legally binding.

⁶ If a certificate of shortfall is issued in respect of a tax claim, the prescriptive period for collection is governed by the provisions of the DCBA⁶¹.

Art. 92 Tax abatement

¹ The FTA may abate bindingly assessed taxes in whole or in part if the taxable person:

- a. has for an excusable reason not invoiced and collected the tax, a retroactive transfer is not possible or reasonable and payment of the tax would result in serious hardship;
- b. owes the tax simply as a result of not observing formal regulations or of processing errors and it is obvious or the taxable person proves that there is no loss of tax for the Confederation; or
- c. for an excusable reason could not fulfil his assessment obligations, but can prove or show credibly in retrospect that the assessment according to its best judgement undertaken by the FTA is too high; in this case tax abatement is possible only up to the amount over-assessed.

² The FTA may also consent to a tax abatement or waive security for its claim in composition proceedings.

³ The request for abatement must be justified in writing and be submitted to the FTA together with the necessary evidence. There is no right of objection to the ruling of the FTA. An appeal may be made to the Federal Administrative Court.

⁴ The submission of a request for a tax abatement does not lead to the suspension of enforcement proceedings for legally assessed taxes.

⁶¹ SR 281.1

⁵ The tax abatement procedure is free of cost. However, costs may be imposed in full or in part on the person submitting the request if he has submitted an obviously unjustified request.

⁶ The Federal Council shall stipulate in detail the conditions and the procedure for tax abatement.

Chapter 7 Security for the Tax

Art. 93 Security

¹ The FTA may require security for taxes, interest and costs, even if they are not bindingly assessed or due, if:

- a. their payment on time appears to be at risk;
- b. the taxable person makes preparations to give up his domicile or place of business or his permanent establishment in Switzerland or to be deleted from the Swiss Commercial Register;
- c. the taxable person is in arrears with his payment;
- d. the taxable person takes over all or part of a business over which bankruptcy proceedings have been commenced;
- e. the taxable person submits returns that are obviously too low.

² If the taxable person waives exemption from tax liability (Art. 11) or opts for the taxation of supplies exempt without credit (Art. 22), the FTA may demand from the person security pursuant to paragraph 7.

³ The ruling requiring security must cite the legal reason for the security, the amount to be secured and the office that accepts the security; it qualifies as a freezing order in terms of Article 274 DCBA⁶². There is no right of objection against the ruling requiring security.

⁴ An appeal may be filed against the ruling before the Federal Administrative Court.

⁵ Appeals against rulings requiring security do not have suspensive effect.

⁶ The service of a ruling concerning the tax claim qualifies as the raising of an action under Article 279 DCBA. The period for instituting debt collection procedures begins to run when the ruling concerning the tax claim becomes legally binding.

⁷ Security must be provided by cash deposit, solvent guarantees, bank guarantees, mortgage certificates, life insurance policies with surrender value, listed Swiss franc bonds issued by Swiss borrowers or cash bonds issued by Swiss banks.

Art. 94 Other collateral measures

¹ A surplus on the tax return in favour of the taxable person may:

⁶² SR 281.1

- a. be set off against debts from prior periods;
- b. be credited for set-off against anticipated amounts payable for subsequent periods if the taxable person is in arrears with the payment of tax or for other reasons it appears probable that the tax claim is at risk; the amount credited carries interest from the 61st day after receipt by the FTA of the tax return until the date of the set-off at the rate that applies to refund interest; or
- c. be set off against security required by the FTA.

² In the case of taxable persons without a domicile or place of business in Switzerland, the FTA may also require security for anticipated debts under Article 93 paragraph 7.

³ If payments are repeatedly in arrears, the FTA may require the taxable person to make monthly or half-monthly advance payments.

Art. 95 Deletion from the Commercial Register

A legal entity or a permanent establishment of a foreign business may not be deleted from the Swiss Commercial Register until the FTA has notified the administration competent for keeping the register that the tax due has been paid or security has been provided.

Title 6 Criminal Provisions

Art. 96 Tax evasion

¹ Any person who wilfully or negligently reduces the tax claim to the detriment of the state:

- a. by not declaring in a tax period all receipts, declaring receipts from supplies exempt from the tax that are too high, not declaring all supplies subject to acquisition tax or by declaring expenses entitling to an input tax deduction that are too high;
- b. by obtaining an incorrect refund; or
- c. by obtaining an unjustified tax abatement.

shall be liable to a fine not exceeding 400,000 francs.

² The fine shall not exceed 800,000 francs if the tax evaded in the cases mentioned in paragraph 1 is transferred in a form that entitles the taxable person to make an input tax deduction.

³ Any person who reduces the tax due to the state by declaring the tax factors relevant for establishment of the tax truthfully, but qualifying them incorrectly for tax purposes, in that he wilfully fails to properly apply clear legal provisions, instructions from the authorities or published practice rules and does not inform the authorities thereof in writing in advance shall be liable to a fine of up to 200,000 francs. If the offence is committed through negligence, the fine is up to 20,000 francs.

⁴ Any person who reduces the tax claim to the detriment of the state:

- a. by wilfully or negligently failing to declare or incorrectly declaring or concealing goods on import;
- b. by wilfully failing to provide information or providing false or incomplete information in response to an enquiry during an official audit or administrative procedure that has as its object the establishment of the tax claim or tax abatement.

shall be liable to a fine not exceeding 800,000 francs.

⁵ An attempt to commit tax evasion is also an offence.

⁶ If the tax advantage is obtained on the basis of an incorrect return, the offence of tax evasion is not subject to a penalty until the period for correction of errors in the return has expired (Art. 72 para. 1) and the error has not been corrected.

Art. 97 Determination of the penalty and aggravated tax evasion

¹ The fine is determined by applying Article 106 paragraph 3 of the Swiss Criminal Code (SCC)⁶³; Article 34 SCC may be applied by analogy. If the tax advantage obtained by the act is greater than the threatened penalty and the offence was committed wilfully, the fine may be increased to a maximum of two times the tax advantage.

² In aggravating circumstances, the maximum fine that the offence carries may be increased by half. At the same time, a custodial sentence not exceeding two years may be imposed. Aggravating circumstances are:

- a. soliciting one or more persons to commit an offence against VAT law;
- b. committing offences against VAT law for commercial gain.

Art. 98 Infringement of procedural obligations

Any person who wilfully or negligently:

- a. does not register as a taxable person;
- b. despite being issued with a written demand, does not submit a tax return on time;
- c. does not declare the tax in the right period;
- d. does not provide security properly;
- e. does not keep, complete, retain or present books of account, vouchers, business documents and other records properly;
- f. despite being issued with a written demand, does not give or gives false information, or does not declare or declares incorrectly the data and goods necessary for the tax imposition or for review of the tax liability;

⁶³ SR 311.0

- h. by quoting a register number, falsely claims to be entered in the Register of Taxable Persons;
- i. despite being warned, obstructs, hinders or makes impossible the proper performance of an audit;

shall be liable to a fine unless the offence carries a higher penalty under another provision.

Art. 99 Receiving untaxed goods

Any person who purchases, receives as a gift, receives as a pledge or otherwise takes possession of, conceals, helps to sell or brings into circulation goods, in respect of which he knows or must assume that the import tax payable has been wilfully evaded shall be liable to the same penalty as applies to the principle offender.

Art. 100 Violations in business operations

If a fine not exceeding 100,000 francs would be applicable and if the tracing of the offenders under Article 6 ACLA⁶⁴ would require investigations the cost of which would be disproportionate to the penalty otherwise forfeited, the authority may dispense with pursuing the offenders and instead order the business (Art. 7 ACLA) to pay the fine.

Art. 101 Concurrent offences

¹ Articles 7, 9, 11 and 12 paragraphs 4 and 13 ACLA⁶⁵ do not apply.

² The imposition of a penalty under Article 98 letter a of this Act does not preclude the imposition of a penalty under Articles 96 and 97.

³ The imposition of a penalty under Article 14 ACLA precludes the imposition of an additional penalty for the same criminal act under Articles 96 and 97 of this Act.

⁴ If an act meets the criterion of evasion of import tax or of receipt of untaxed goods as well as offence to be pursued by the FCA against other federal tax decrees, the penalty for the most serious violation shall be imposed; it may be increased appropriately.

⁵ If the perpetrator through one or more acts fulfils the requirements for the imposition of two or more penalties that fall within the area of competence of the FTA, the penalty for the most serious violation shall be imposed; it may be increased appropriately.

Art. 102 Self-reporting

¹ If the taxable person reports himself for an offence under this Act before it comes to the attention of the competent authority, he will not be prosecuted if:

- a. the person assists the authority in a reasonable manner in establishing the tax payable or refundable; and
- b. the person makes a serious effort to pay the tax due or refundable.

² If a non-taxable person who has committed an offence under this Act or has participated in such an offence reports the offence, he will not be prosecuted.

³ A legal entity reports itself through its executive bodies or representatives. Joint and several liability under Article 12 paragraph 3 ACLA⁶⁶ of the executive bodies or of the representatives does not apply and no prosecution will be brought.

⁴ A correction of the return under Article 72 paragraph 2 qualifies as self-reporting.

Art. 103 Prosecution

¹ With the exception of Articles 63 paragraphs 1 and 2, 69 paragraph 2, 73 paragraph 1 last sentence and 77 paragraph 4, the ACLA⁶⁷ governs prosecution.

² Prosecution is the responsibility of the FTA for domestic tax and acquisition tax, and of the FCA for import tax.

³ In closely related criminal cases in which both the FTA and the FCA have jurisdiction, the FTA may by agreement with the FCA decide to join the prosecutions under one of the two authorities.

⁴ Prosecution may be dispensed with if the level of culpability and the consequences of the crime are negligible (Art. 52 SCC⁶⁸). In these cases a non-intervention or no-proceedings ruling is issued.

⁵ If the competent authority must also investigate or judge other offences to which the ACLA applies, paragraph 1 applies to all offences.

Art. 104 Procedural guarantees

¹ The accused has the right to fair criminal proceedings in accordance with the Federal Constitution and the relevant legislation on criminal procedure.

² The accused is not obliged to incriminate himself in criminal proceedings.

³ The information (Art. 68 and 73) given by the accused in the criminal proceedings or evidence from an audit under Article 78 may be used in criminal proceedings only if the accused consents thereto.

⁴ The opening of a criminal investigation must be notified in writing to the suspect without delay unless there is good cause for not doing so.

- d. for all evasion offences relating to import tax: seven years;
- e. for offences under Article 99 and under Articles 14–17 ACLA⁶⁹: seven years after the end of the relevant tax period.

² The prescriptive period for prosecution ceases to apply if before expiry of the prescriptive period a summary penalty order or a judgment in the first instance is issued.

³ The prescriptive period for the payment and refund obligation under Article 12 ACLA is governed:

- a. in principle by Article 42;
- b. if an offence covered by Article 96 paragraph 4, 97 paragraph 2 or 99 or by Articles 14–17 ACLA is fulfilled, by paragraphs 1 and 2.

⁴ The right to conduct a criminal investigation that has already been initiated prescribes after five years; the prescriptive period is suspended for as long as the accused person is abroad.

Art. 106 Collection of fines and costs and prescription

Art. 113 Application of the new law
